MUNCKHOF

MUNCKHOF BIN LIFTS ARE EXTREMELY USEFUL IN THE MOUNTING OF IMPLEMENTS AND TOOLS. LIFTS COME IN 61" AND 72" LIFTING HEIGHTS AND HAVE A MAXIMUM CAPACITY OF 2000 LBS.

THE LIFT SUB FRAME IS CUSTOM MADE FOR YOUR SPECIFIC TRACTOR AND INSTALLED AT OUR FACTORY WHILE THE MAST AND LIFT ASSEMBLY ARE DESIGNED FOR FAST EASY ON AND OFF MOUNTING.

USING THE QUICK-PIN ATTACHMENT POINTS THE LOADERS CAN BE MOUNTED IN LESS THAN A HALF AN HOUR FOR MOST TRACTORS.

CONTROLS ARE EITHER SET UP AS A THREE SPOOL HYDRUALIC, OR 4 SPOOL CABLE WITH EXTERNAL HYDRAULICS FOR CAB TRACTORS. THEY ARE CONVENIENTLY PLACED AT THE RIGHT SIDE OF THE OPERATOR FOR EASE OF USE.

NO NEED TO CARRY USELESS DEAD WEIGHT TO COUNTER BALANCE YOUR TRACTOR, MOUNT A MUNCKHOF THREE POINT FOLDING BIN FORK TO THE REAR OF YOUR TRACTOR AND CARRY PAYLOAD ON BOTH THE FRONT AND REAR.
